## POLICY STATEMENT

National University of Health Sciences (NUHS) is committed to providing an optimum learning environment for all students at all campuses.

Students are required to attend classes at the NUHS campus where they initially matriculated and were accepted. Attending classes at a campus into which a student is not officially admitted is prohibited unless the student has formally transferred to that campus. Due to extenuating circumstance a student may be permitted temporary attendance at the alternate NUHS campus if he/she has obtained written permission from the Dean of the College of Professional Studies of the student's home campus. Temporary attendance may be denied even with written permission of the Dean of the student's home campus, due to space limitations at the campus the student wishes to temporarily attend.

Final determination of the ability of the student to temporarily attend classes will be determined by the Dean of the College of Professional Studies of the campus at which temporary attendance is requested
