Doctor of Chiropractic - Phase I Flexible Track Curriculum - Illinois

The 10-trimester DC curriculum is based on completing each Phase (I and II) in 4 trimesters. The Phase I Flexible ("Flex") Track option allows students to reduce the number of credit hours taken per term and complete course requirements at a pace that is consistent with their individual goals and learning styles. By following the Flex Track option, students may complete Phase I in 5 or 6 terms. The total credit load of 101.5 hours will be maintained regardless of the Flex Track option selected. In addition, all curricular requirements relating to course corequisites and prerequisites will be satisfied.

Choosing a Flex Track option should be weighed carefully. It is recommended that students seek the counsel of their academic advisor prior to making a final decision. Selecting the 5- or 6-term option will obligate students to remain in the designated track until the completion of Phase I. Students may then choose to switch into the 4-term track for the completion of Phase II.

This curriculum is current as of the revision date and is subject to change.

4 Term Sequence Grand Total Credits: 101.5		
Term 1	Total Credits: 23	
COURSE #	COURSE NAME	CREDITS
AN5101	Spine & Extremities Anatomy	5
AN5102	Spine & Extremities Anatomy Lab	3.5
AN5107	Histology & Embryology I	2.5
BC5104	Human Biochemistry	5
BU5116	Professionalism, Ethics & Law	1
FH5106	Fundamentals of Natural Medicine	1
MM5120	Intro to Palpation Skills & Landmark Identification	1
PH5103	Cellular Physiology & Hematology	4
Term 2 Total Credits: 24.5		
AN5201	Head & Neck Anatomy	3
AN5202	Head & Neck Anatomy Lab	2
AN5203	Neuroanatomy	5.5
EM5207	E/M of the Chest & Thoracic Spine	3
MI5215	Fundamentals of Microbology	2
MM5220	Manipulation of the Thoracic Spine	1
PA5204	Fundamentals of Pathology	3
PH5208	Neurophysiology	3.5
RA5206	Normal Radiographic Anatomy	1.5

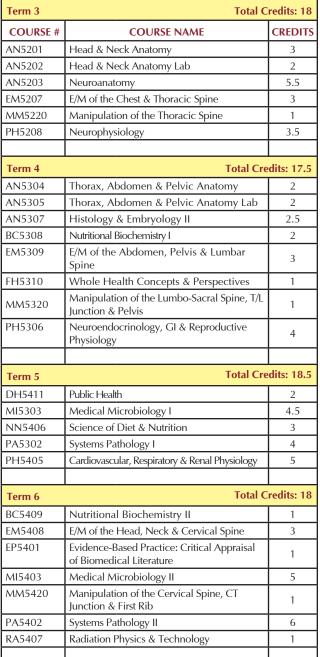

5 Term Sequence Grand Total Credits: 101.5			
Term 1 Total Credits: 18			
COURSE #	COURSE NAME	CREDITS	
AN5101	Spine & Extremities Anatomy	5	
AN5102	Spine & Extremities Anatomy Lab	3.5
