POLICY STATEMENT

Incoming students are awarded the Presidential Excellence or Presidential Achievement Scholarship as evidenced by their outstanding incoming GPA (as calculated by the Admissions Office): 3.5 or greater to receive the Excellence scholarship or from 3.25 to 3.49 to receive the Achievement scholarship. The scholarship is divided in half and disbursed over the first 2 trimesters, and the recipient must be enrolled in 15 or more credits each trimester.

Recipients of either the Presidential Excellence or Achievement Scholarship must achieve a minimum 2.0 CGPA at the end of their first trimester to receive the 2nd disbursement. If the student has lower than 2.0 at the end of 1st trimester, the 2nd disbursement will be delayed until the student's CGPA is 2.0 or greater, and then applied to the following trimester's charges (assuming meets credit hour requirement).

Presidential Excellence or Achievement Scholarship recipients who violate the NUHS Code of Conduct will forfeit any remaining disbursement.
