## APPENDICES

Appendix A: NUHS Crime Statistics (2011).....	18
Appendix B: Summary of 2010 Fire Safety Statistics.....	20

October 1, 2011

## Purpose

The purpose of this publication is to:

- Provide the NUHS Community with an overview of campus security, support services, emergency response and evacuation procedures, and publicize the NUHS policies governing missing student notification and misconduct related to drugs and alcohol, weapons possession, sexual assault and sexual harassment.
- Share campus crime and fire safety statistics as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.
- Share information in this annual report with current University students, faculty and staff as well as prospective students and employees.

The policies and procedures contained within this document are subject to change at any time. A printed copy of this document may be obtained by contacting the Office of Student Services at (630) 889-6542, or e-mailing a request to [ddriscoll@nuhs.edu](mailto:ddriscoll@nuhs.edu). The University also reports the annual crime statistics contained in this report to the U.S. Department of Education. A searchable database containing those statistics can be found at <http://www.ope.ed.gov/security/>. (To view the 2011 crime statistics for the National University of Health Sciences campuses in Lombard, Illinois and Pinellas Park, Florida please refer to Appendix A on pages 17-18.)

The University prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (20 U.S.C. § 1092(f)). This report is prepared in cooperation with the local law enforcement agencies adjacent to our two campuses. When referrals are made to outside agencies that provide counseling or psychological support service to crime victims, the University has not arranged nor requested the staff members at the agency to inform the referred client of the procedures to report crime to NUHS Security Officers on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place, however, to encourage confidential reporting to the Dean of Students by ensuring anonymity of the victim. This process fosters a genuine picture of campus crime by allowing victims to report violations promptly, thereby producing an accurate count of crime statistics to be disclosed in the annual update of crimes reported to the Department of Education.

Each year, an e-mail notification is made to all enrolled students providing the address on the University's web site to access this report. Faculty and staff receive similar notification. Copies of the report may also be obtained at the Office Student Services on the 2<sup>nd</sup> floor of Janse Hall on the Lombard, Illinois campus. All prospective employees may obtain a copy from Human Resources on the 1<sup>st</sup> floor of Janse Hall or by calling (630) 889-6878 during business hours.

## NUHS Campus Information

The University was founded in 1906. The University has occupied its current main campus since 1963, when land was purchased and facilities developed for the exclusive purpose of establishing a professional degree granting institution to educate students in the art and science of several healthcare degree and certification programs. The University is located within the village of Lombard, part of the

west-suburban county of DuPage approximately 25 miles from Chicago. Lombard occupies 10.5 square miles with a population of 43,894 residents. The NUHS campus currently consists of 35 acres, which includes five academic structures and four dormitories. In June 2008, National University entered into a partnership with the University Partnership Center of St. Petersburg (Fla.) College (SPC) to utilize SPC's classroom space and support services to begin offering the Doctor of Chiropractic Degree Program in St. Petersburg, Fla., commencing in the fall of 2009.

### **Lombard, Illinois Campus**

At the Lombard campus site, National University of Health Sciences has a modern plant equipped with up-to-date facilities for education in the basic sciences. The main building, Janse Memorial Hall, is a tri-level structure housing administrative and faculty offices, classrooms, laboratories, bookstore, communications, registrar, alumni services, student services, and financial aid. Four housing facilities for students are available on campus: Isaac P. Tieszen Hall (1963); W.H. and Evelyn Buchholz Hall (1969); Otto J. Turek Hall (1971); and Lincoln Hall (1973). The Earl G. Liss Auditorium and George Morris Ogden Student Center was completed in Fall 1977. A 56,000-square-foot patient care and research center, the Howard-Schulze Building, became operational in early 1981. The building comprises the National University Whole Health Center for outpatient care, the Student Clinic, the Interdisciplinary Research Laboratory, the Biological Resources Laboratory, and the Training and Assessment Center. The Learning Resource Center opened in September 1993.

### **St. Petersburg, Florida Campus**

National became part of the University Partnership Center (UPC) of St. Petersburg College (SPC) in 2009. This innovative campus-sharing program allows NUHS to offer its Doctor of Chiropractic Program on-site at St. Petersburg College. The NUHS – Florida physical plant is composed of three SPC locations. Phase One of the academic program is housed at the Caruth Health Education campus, 7200 66th St. N., Pinellas Park, FL 33781-4005. This campus sits on a 15.8-acre site with the main building consisting of 194,123 square feet. NUHS has access to lecture and laboratory space including two radiology suites, a cadaver laboratory, biochemistry/physiology laboratory, and a technique laboratory that is housed in a newly refurbished 48'x50' re-locatable classroom. NUHS operates a clinic in the main building providing health services for the faculty, staff and students of NUHS, all UPC partners, and SPC. The majority of the faculty are located on site in a re-locatable classroom that has been converted to office space. Phase Two of the academic program is housed at the Health Education Center Annex, 6698 68th Ave., N., Pinellas Park, FL 33781-5015. The Annex is located two blocks south of the Caruth Health Education campus on a 3.6 acre site and houses faculty offices, evaluation and management laboratory, technique laboratory, training and assessment center, lecture hall, radiology laboratory/computer lab, and an interactive classroom. The University Partnership Center on the Seminole campus, 9200 113th St. N., Seminole, FL 33772-2800, houses two administrative offices. No instruction is given at the Seminole campus. NUHS students also have access to all facilities on the SPC campuses including the six libraries in the St. Petersburg College library system, two of which are located at the Caruth Health Education and Seminole campuses respectively.

## **Reporting a Crime or Other Emergency On-Campus**

**If you are a victim of a crime or a witness to one, or if you need to report a fire, medical, or other emergency, on or off the IL or FL campus:**

**DIAL 911**

Criminal activity that represents a threat to students, employees, or campus visitors should be reported to NUHS Security **immediately** so that the University may issue a warning to the campus community.

In a non-emergency situation, you should report suspicious people or activities, traffic accidents, or potential violations of law to the police agency serving the location where the activity occurs:

- NUHS-Illinois Security (630) 927-9957
- NUHS-Illinois Security Office (630) 889-6683
- NUHS-Florida, from on-campus phone (Ext. 2560)
- NUHS-Florida, from an outside phone (727) 791-2560

Campus Security is the central reporting authority for all crimes occurring on campus. The Office of Campus Security and/or the Office of Student Services will conduct investigations on-campus and work closely with local authorities. Any crime reported to the Campus Security Department that is in violation of Criminal Law and Procedures in the State of Illinois may be reported to the Lombard Police Department for further investigation. In Florida, crime should be reported to the Pinellas Park or St. Petersburg Police Department.

The Dean of Students or his/her designee will provide timely notification to the NUHS community (students, faculty and staff) regarding possibly dangerous conditions or crimes that are reported to the Campus Security Department. Possible methods of notification include NUHS community mailboxes, University bulletin boards, text messaging, voice or email, and/or memo delivery to the residence hall rooms.

When violent crimes (especially sexual violence) are reported to the Campus Security Department, the following campus support personnel will be contacted in order to assist the alleged victim(s):

- Dean of Students – (630) 889-6546
- Sexual Assault “24/7” Dean-on-Call – Dr. Driscoll (Dean of Students)  
Will be contacted by Campus Security (630–927-9957) when a victim reports an assault
- Director of Housing, Maintenance and Security (HMS) – (630) 889-6638
- Asst. Dean of Students - (630) 889-6548
- Dean of Clinics – (630) 889-6513
- Coordinator of Housing – (630) 889-5275

After 5:00 p.m. this notification is made through the Campus Security Dispatch Center. As stated above, if a report involves violation of the law then local, county or state authorities will be notified of the crime.

In Illinois:

- Lombard Police Department - (630) 620-5955
- Lombard Fire Department - (630) 620-5738
- Illinois State Police (District 5) - (815) 726-6291

In Florida:

- Pinellas Park Police Department – (727) 541-0758
- St. Petersburg Police Department – (727) 893-7780
- Pinellas County Sheriff – (727) 582-6200

NUHS does not own, operate or control (in the manner described by *The Handbook for Campus Safety and Security Reporting*) any off-campus housing or off-campus student organization facilities.

## **Confidential Reporting: So Others Are Warned**

If you are the victim of a crime and do not want to pursue action within the University System or the criminal justice system, you may still want to consider making a confidential report to the Dean of Students. With your permission, the Dean can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Confidential reports also foster a genuine picture of the relative danger or safety of a campus when victims are able to file a report in this manner so that all violations are promptly and accurately counted and disclosed in the annual crimes statistics for the institution.

## **Timely Warning System**

In the event that a situation arises, either on or off campus, that, in the judgment of the Dean of Students or the Director of Housing, Maintenance and Security (HMS), constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued using hardcopy flyers, through the university e-mail system to students, faculty, staff and the campus' electronic signage system.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Dean of Students or the Director of Housing, Maintenance and Security (HMS), may also post a notice on the University web site at: [www.nuhs.edu](http://www.nuhs.edu), providing the university community with more immediate notification. In such instances, a copy of the notice is posted in each residence hall and at the front door of each on-campus building. The web site is immediately accessible via computer by all faculty, staff and students. Anyone with information warranting a timely warning should report the circumstances to the University Security office, by cell phone at (630-927-9957) or the Dean of Students Office at (630-889-6546) or in person at the Dean of Students Office on the 2<sup>nd</sup> floor of Janse Hall.

Because speed and accuracy predominate the decision-making process related to any timely warning system, the Dean of Students and the Director of Housing, Maintenance and Security (HMS) have generally deferred to the Director of College-wide Security Services regarding issuance of a "Timely Warning" for the NUHS campus in Florida. The Director works with the St. Petersburg College General Counsel office to initiate action for a "Timely Warning" to the community once it has been determined that a "threat" to the community exists. This can occur any day of the week, or time of the day. The Director, in concert with the General Counsel's office, will draft the appropriate notice to the college community and post the notice on all (affected) college sites. The Timely Warning may be distributed by poster and memo, e-mail, web site or the college's emergency notification system including the MIR3 voicemail system, as well as a system known as "InformaCast" which has the capability to quickly broadcast notices, warnings and alerts using IP telephones, desk-top computers, and broadcast speakers.

## **NUHS Campus Security**

NUHS Campus Security on both campuses supports the educational mission of the university by maintaining a safe environment that enhances the quality of life for all members of the university community. Officers strive to provide a safe "physical" environment in which our students, staff and faculty can teach, learn and grow but officers also strive to enhance the learning environment by providing helpful and supportive services to the university community.

NUHS Security provides a full range of services including crime prevention, traffic/parking enforcement, safety and security inspections as well as safety escorts to and from one's vehicle and crowd control for special events. Both departments work closely with local, state and federal law enforcement agencies in implementing and coordinating campus security operations.

Trained security officers patrol the Illinois and Florida NUHS campus grounds and parking lots during the hours that the campuses are open to students and staff. Our security officers are not certified police officers, but they work closely with local authorities. The officers provide an important service to our campuses through active patrol, observation and intervention. Senior Security Supervisors and Senior Officers perform security assessments and inspections, conduct interviews, complete incident reports and notify the local police authority when necessary.

The NUHS Security Department maintains a close working relationship with the Police Departments with local jurisdiction over National's two campuses. The NUHS staff occasionally works with other law enforcement agencies at the county and state level. The officers of NUHS communicate regularly on the scene of incidents that occur in and around the Lombard & Pinellas Park campus areas. The Police Investigators work closely with the NUHS investigative staff when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information, as deemed necessary. There is no written memorandum of understanding between NUHS and the Lombard, Pinellas Park or St. Petersburg police Departments.

**NUHS-Illinois** employs five non-sworn security officers. The main security office, located in Tieszen Hall, is the central reporting agency for all crimes occurring on the Lombard campus. Uniformed Security Guards conduct foot and vehicular patrols of the main campus Monday through Thursday from 3:30 pm until 7:00 am and provide a 24-hour patrol beginning Friday at 3:30 pm and continuing through Monday at 7:00 am. Guards patrol the campus and screen persons entering the campus. Security personnel are not sworn law enforcement officers; therefore, they do not have arrest powers beyond the citizen's arrest. They work closely with all of the local law enforcement agencies to assist with incidents that may occur on or off-campus. All crime victims and witnesses are strongly encouraged to immediately report the crime to the Campus Security Department and the Lombard Police Department. Prompt reporting will ensure timely warning notices on-campus and timely disclosure of crime statistics.

During business hours, the University (excluding certain housing facilities) will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all University facilities is by key, if issued, or by admittance via the Campus Security Department or On-Campus Housing staff. In the case of periods of extended closing, the University will admit only those with prior written approval to all facilities. Some facilities may have individual hours, which may vary at different times of the year. Examples are the Library and Fitness Center. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility.

**NUHS-Florida** is housed within the Caruth Health Education campus, Seminole Campus and the EpiCenter. These sites are only three of nine campuses that St. Petersburg College-wide Security Department is organized to protect with almost 40 officers. Each officer is licensed in the State of Florida and possesses a class "D" security license. Each shift at a campus or site is usually maintained with one of 14 Senior Officers. Sites are routinely patrolled and served by some 40 Security Officers assigned to the college campuses. Contract security officers are utilized to supplement security services at some sites. The officers are supervised and directed by one of the Senior Officers or Senior Supervisors assigned to that site. All officers are trained and licensed under the State of Florida Statutes Chapter 493.

The campuses of St. Petersburg College (SPC) are generally open 7a.m.-10p.m. weekdays; 7a.m.-5p.m. Saturdays. The Tarpon Springs and Seminole Libraries are open on Sunday when classes are in session. Members of the general public are permitted to use some campus facilities (when not in use by students). Classrooms and labs are restricted to students, faculty and staff who have a legitimate need to be there. For safety and security reasons, most buildings, classrooms and labs are kept locked when not in use.

## **Security Awareness Programs**

The NUHS community offers numerous advantages to students and residents. The community offers a safe and secure learning environment. However, it is not immune to the kinds of problems that occur in the rest of society. Unfortunately, the potential for criminal activity to occur at NUHS (both Illinois and Florida campuses) is a reality that must be taken seriously. The University strives to provide a safe and secure environment for students, staff and visitors. However, it is only possible to maintain safety and security when every student, faculty and staff member takes an active part in the effort. Regardless of how effective the University's programs may be, a crucial and fundamental obligation for safety and security lies with each of us. No security department or set of procedures can be effective unless individuals exercise reasonable care and prudence. Safety and Security is everyone's responsibility.

During orientation every semester, students are informed of services offered by the Office of Student Services and the Campus Security Department. Students are advised about crime on-campus and similar information is presented to new employees. NUHS Campus Officials pursue crime reduction by offering sexual assault and personal safety seminars aimed at risk avoidance and crime prevention. These seminars are offered occasionally within the year by on-campus martial arts clubs and are open to any student or employee. The Office of Student Services also publishes sexual violence awareness booklets

and trifold handouts. NUHS also distributes a detailed handbook of the University's compliance with Title IX of the Higher Education Amendments of 1972, 20 U.S.C. § 1681 *et seq.* ("Title IX"), which prohibits discrimination on the basis of sex in education programs or activities entitled, "Student Sexual Misconduct – NUHS Policy and Procedures." The handbook is designed to publicize the University's policies regarding sexual violence, sexual assault, sexual harassment, victim and accused student's rights and victim support services available on campus, and also within hospitals and the nationwide network of survival, healing & recovery support and assistance in seeking justice through the criminal court system. A comprehensive array of human support services available near the NUHS Illinois and Florida campuses is included within the Sexual Misconduct Handbook and the Student Handbook accessible for download at the Student Services section of the NUHS website at [www.nuhs.edu/show.asp?durki=9](http://www.nuhs.edu/show.asp?durki=9) or the [Student Services Offices in Illinois or Florida](#).

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. Security information is disseminated to students and employees through security alert posters and occasional e-mails. When time is of the essence, information is released to the university community through security alerts posted through voice-mail, e-mail, SMS text messaging, and the University website.

## **Drug and Alcohol Policy**

The abuse of alcohol and the illicit use of other drugs can seriously threaten the health and safety of students, employees, their families, fellow students, the general public, as well as adversely impair performance. In addition to promoting health, safety and a positive learning and working environment, the University is committed to reducing and preventing alcohol and other drug-related problems among all members of the campus community.

The unlawful possession, use or distribution of alcohol or other drugs by anyone, either on our institution's property or as any part of University sponsored activities, is prohibited. Underage possession and/or consumption of alcoholic beverages is a violation of regulations and state law. The furnishing of alcohol to those less than 21 years of age is prohibited. Any person who is determined to have violated this policy will be subject to intervention by NUHS. That intervention may include disciplinary action up to and including expulsion, termination of employment and/or referral for prosecution.

Refer to the Alcohol and Drug Usage Policy on the Policy section of the NUHS website at <http://www.nuhs.edu/about-us/human-resources/policies/>. The complete text of the Alcohol and Drug Policy is distributed to each new student at orientation. Additional copies are available from the Office of the Student Services.

Employees may contact the Employee Assistance Program (EAP) at 1-800-450-1327 or at [www.MagellanHealth.com](http://www.MagellanHealth.com), login: 800-450-1327.

## **Counseling Center Resources**

The curriculum at NUHS is rigorous regardless of the program or credit hour load. Depression, helplessness, anxiety, homesickness, marital conflicts and many other personal issues are common student dilemmas. The Dean of Students is available to offer basic help with some of these problems but, very often, more intensive professional counseling succeeds at regaining daily functionality and longer lasting developmental change through insights guided by a trained professional.

To this end, the University can provide referrals for clinical counseling services for NUHS students from an independent entity not affiliated with the University's other clinical services. The provider will accept most insurance coverage programs. Sessions are strictly confidential; records are not shared with NUHS personnel. Please contact the Office of Student Services in Illinois or Florida for more information.

## Drug and Alcohol Abuse: Education and Recovery Programs

Listed below are links to a variety of self-help education programs for people trying to recover from alcoholism, drug addiction, and compulsive gambling. These programs are not formally affiliated with nor specifically endorsed by NUHS. Each, however, has been shown to be helpful for certain types of people seeking help. As noted, some of these programs have online meetings available.

## Policy Statements Regarding Crimes of Violence and Sexual Offenses

### Disciplinary Hearing Disclosures to Alleged Victims

National University of Health Sciences will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, NUHS will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

### Promoting Awareness Of Rape and Other Sex Offenses

The University educates the student community about sexual assaults and date rape through orientations each term. Local Police Departments offers sexual assault education and information programs to University students and employees upon request. Literature on date rape education, risk reduction, and University response is available through the Office of Student Services.

## What To Do If A Sex Offense Occurs

- *Get to a safe place and call a rape crisis center for information or support. Call the national hotline at (800) 656-HOPE, and your call will be routed immediately to the crisis center nearest the caller (24/7).*
- *Determine whether or not to report the incident to police. If there is any chance you are going to report the assault, don't shower, bathe, douche, go to the bathroom (urinate or defecate), change clothes, brush your teeth, eat, drink or straighten up the area until medical and legal evidence is collected because these actions will destroy evidence.*
- *If you want to report the incident, first call the police and then go to the hospital and have the medical evidence collected. If the incident occurred on campus, first call police, then call campus security before going to the hospital.*
- *Go to a hospital, clinic or private physician for treatment of external and/or internal injuries, tests for pregnancy and sexually transmitted diseases, and support services.*
- *If you think you have been drugged, request a urine test as quickly as possible to detect the presence of sedating substances. Every hour matters. Depending on the substance, the test can be reliable even after 72 hours. The test is free, and can be requested by law enforcement officers, rape crisis centers and hospital emergency departments by calling (800) 608-6540. This test will identify multiple substances, including alcohol, amphetamines, barbiturates, benzodiazepines, cocaine, flunitrazepam (Rohypnol), gamma hydroxybutyrate (GHB), marijuana, and opiates.*
- *Notify the Campus Security (IL or FL) and they will contact the NUHS Dean of Students for assistance, information or support. The Dean is prepared to help in several ways: advising a victim what steps to take next, accompaniment to a hospital, assistance in reporting to police, or guidance in reporting the incident as a violation of the NUHS Student Code of Conduct.*

## Policy Statement For Disciplinary Action in Sex Offense Hearing

The Clery Act (20 U.S.C. § 1092(f), the Campus Security Act of 1990, Section 203 (and as amended in 1998) amends Section 438 (b) of the General Education Provisions Act (commonly referred to as the “Buckley Amendment”). The Campus Security Act of 1990, Section 203 (and as amended in 1998) requires that both parties (alleged victim and accused) be informed of the outcome, including sanctioning information, of any University disciplinary proceeding alleging a sex offense. The Vice President for Administrative Services, or his/her designee, will disclose the results of the University’s disciplinary proceeding to both parties.

## Sexual Harassment Policy

The National University of Health Sciences strives to maintain learning and work environments free of any conduct that constitutes, or has the potential to constitute, a barrier to the fulfillment of its mission.

Harassment, particularly sexual harassment, is a type of behavior in direct conflict with the educational, scholarly, research, and service purposes of the University. It is prohibited by law and by University policy. The full text of the Sexual Harassment & Anti-Harassment Policy is available on the Policy section of the NUHS website at <http://www.nuhs.edu/about-us/human-resources/policies/>

- **Students** who believe they have been harassed by another student, an employee of the University, or any other agent of the University, should promptly report it to the Vice President of Administrative Services or the Dean of Students. Copies of the complete Sexual Harassment Policy are available in the Office of the Dean of Students.
- **Employees** who believe a student, an employee of the University, or any other agent of the University, has harassed them should promptly report it to the Vice President of Administrative Services, the Human Resources Director or to their manager. Employees should refer to the Employee Handbook for a complete copy of the employee Sexual Harassment Policy.

## Sex Offender Registration

The **Campus Sex Crimes Prevention Act** is a federal law that requires NUHS to publicize information available to the public that provides resources where lists of registered sex offenders may be accessed. The Illinois Sex Offender Registry is the most reliable source of this information. The Registry posts the offender's last known address, convictions, current status and personal information (including photo ID's) updated daily by the Illinois State Police. It is a user-friendly, searchable database capable of sorting offender information by city, county and zip code, it is available online at: <http://www.isp.state.il.us./sor/frames.htm>

In Florida, the Registered Sex Offenders web-site can be accessed at: <http://offender.fdle.state.fl.us/offender/homepage.do>

Additionally, this same data has been published in the Student Handbook and is also available in the Office of Human Resources. Any questions or other inquiries regarding this information should be directed to the Vice President for Administrative Services or the Dean of Students.

## Emergency Response and Evacuation Procedures

The University is dedicated to providing a safe and secure environment for students, faculty, staff, visitors and guests. NUHS maintains comprehensive information about the University's general emergency management process on its website at [www.nuhs.security.edu](http://www.nuhs.security.edu). Emergency management information regarding violence involving firearms or other weapons is available on the same website at: [www.nuhs.security.edu/resources/eminfo.pdf](http://www.nuhs.security.edu/resources/eminfo.pdf).

NUHS Administrators have established the Emergency Operations Plan (EOP), which describes the University's emergency management organization, policies and response guidelines. The EOP is based on the guidance provided by the National Incident Management System (NIMS). The plan sets forth a systematic approach for managing emergencies that threaten the health and safety of the campus community or disrupt its programs or activities.

The NUHS Director of Housing, Maintenance and Security (HMS) or his designee (acting through the Vice President for Business Services as delegated by the President) serves as the Emergency Management Coordinator and is responsible for directing the emergency management efforts. The EOP identifies other departments, units, and individuals responsible for providing emergency response and critical support services, and describes their respective roles and responsibilities.

The EOP describes the process NUHS will use to confirm that there is a significant emergency. The Emergency Management Coordinator assesses the danger and potential threat the event may pose to the safety of the campus community, and determines the appropriate course of action in light of the specific circumstances. In the event of an emergency, the Coordinator, without delay and taking into

account the safety of the campus community, determines whom to notify, determines the content of the notification, and initiates the notification system, unless it is determined that the notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

As outlined on the NUHS website, the University has a variety of ways of disseminating emergency information to the larger community, including the following:

- Public Media
  - Local radio and television stations are notified of any disasters or emergencies occurring on the University campus.
  - The VP for Business Services coordinates connections with all major media outlets to provide emergency notifications.
- Mass Calling and Notification
  - The Cygnet Student and Employee Alert System allows authorized personnel to send a recorded voice message, e-mail, and text message simultaneously from a remote site. The messages contain important information about the emergency and are recorded upon the EM Coordinator learning of the event. To receive the messages, individuals may provide phone numbers and e-mail addresses to the Cygnet Alert System by visiting <http://alert.NUHS.edu> and logging in using their NUHS Net ID. When the system is activated, one or more of the following alerts are sent depending on the contact information the recipient has provided.
    - Voice Call
      - Individuals who have provided their phone numbers are called and a prerecorded voice message is played.
    - E-Mail
      - An e-mail about a disaster or emergency is sent to all individuals who have provided e-mail addresses. The message is sent from “NUHS Alert [alert@NUHS.edu].”
    - SMS Text Message
      - Individuals who have provided cell phone numbers are sent a text message about the alert.
- Warning Sirens
  - Warning sirens are strategically placed adjacent to the NUHS campus (Lombard Fire Dept.) to sound in the event of a tornado warning. The sirens are tested on the first Tuesday of every month at 10:00 AM.
- Building Evacuation Alarms
  - Every campus building has an evacuation alarm.
- Police Vehicle Public Address
  - NUHS Security patrol vehicles are equipped with public address systems that can be used to give emergency action instructions.
- NUHS Web Site
  - The EM Coordinator can activate a web site with pertinent information and instructions in the event of a disaster or emergency.
- E-mail Transmission
  - A mass e-mail may be sent to the campus community with pertinent disaster information or instructions.

### **Emergency Response and Evacuation Testing Procedures**

The University has Emergency Action Teams and plans for each building on campus. Each team receives basic training on how to implement the evacuation and sheltering plans for its building.

Evacuation and sheltering drills are conducted annually in academic buildings in or near the month of May. The residential halls conduct a minimum of eight (8) evacuation and sheltering drills between the months of September and April each year. All drills are announced in advance to allow for the safety of those involved. On occasion, unannounced drills occur due to unanticipated activation of the evacuation alarm systems.

Evacuation and sheltering plans and procedures are available at [www.nuhs.security.edu](http://www.nuhs.security.edu) under the Section III tab, *Developing an Effective Crisis Management Plan*. The NUHS Emergency Management Coordinator maintains records of drills, documenting the date, time, and description of the exercise, as well as whether it was announced or unannounced. These records are available by request from the NUHS Director of Housing, Maintenance and Security (HMS).

## **Missing Student Notification Policy**

In compliance with (20 USC 1092 (j) Section 488) of the Higher Education Opportunity Act of 2008, the University has established a Missing Student Notification Policy that describes the formal notification procedures to be followed when a student residing in on-campus housing has been reported missing for more than 24 hours. The Missing Student Notification Policy is available on the Policy section of the NUHS website at <http://www.nuhs.edu/about-us/human-resources/policies/>

*At the time of renewing the on-campus housing license agreements each semester, all students are requested to provide the Housing Office with the name and contact information of a person who resides **locally** (classmate, friend, significant other, etc.) who may be able to quickly assist in an investigation to determine your whereabouts in the event that you are reported missing after 24 hours. This person will serve as a confidential, emergency contact only to be sought out if you are reported to be missing from student housing after 24 hours.*

This information is maintained in a Personal Emergency Contact System in the Housing Office and the Dean of Students Office and is designated as confidential. Only authorized campus officials, including the Coordinator of Housing, the Director of Housing, Maintenance and Security (HMS), Dean or Assistant Dean of Students, University Registrar, and the officers in the NUHS Security Department, are provided this information in the furtherance of the missing student investigation.

Incidents of missing students at the University should be reported immediately to the NUHS Security Department. Upon receipt of a report of a missing student who resides in on-campus housing, the Director of Housing, Maintenance and Security (HMS) or the Dean of Students or his designee shall initiate an investigation. If a determination is made that a student has been missing for more than 24 hours and has not returned to campus, the Director of Housing, Maintenance and Security (HMS) or the Dean of Students or his designee will contact the person(s) the student designated in the Personal Emergency Contact System. If the missing student is under 18 years of age and not emancipated, the student's custodial parent or legal guardian is contacted.

NUHS actively investigates all reports of missing students. The investigation is conducted pursuant to established policies and procedures of the NUHS Security Department.

## **NUHS Fire Safety Report (34 CFR 668.49)**

### **Introduction**

The Higher Education Opportunity Act (HEOA) became public law 110-315 in August 2008 requiring all institutions of higher education that provide residential housing facilities for students to develop an annual fire safety compliance report. Contents of this report reflect the requirements outlined in HEOA, which are included in National University of Health Sciences (NUHS) fire safety program.

Elements of the campus housing fire safety annual compliance report consist of:

- Fire prevention policies and practices
- Fire safety educational and training initiatives
- Description of fire protection equipment in the residence halls
- Emergency evacuation procedures
- Fire safety statistics
- Plans for future improvements to the fire safety program

The 2011 Fire Log Summary (available upon request from the Director of Facilities) also provides a brief description of the fires that occurred in on-campus residential housing for the 2010 calendar year. The Director of Facilities oversees the combined departments of Housing, Maintenance and Security (HMS) and administers the fire safety program.

This public disclosure is intended to inform current and prospective students and employees of the fire safety programs and policies in place at NUHS, and the institution's state of readiness to detect and respond appropriately to fire related emergencies. This report can be viewed online at <http://www.nuhs.edu/student-services/campus-life/campus-security/>. Hard copies of the report are available for public review by visiting the HMS Department located in the ground level of Turek Hall. The HMS Department is open from Monday through Friday 7:30 am to 4 pm; excluding holidays. The Campus Security Officer on duty can receive requests after working hours by contacting them at (630) 927-9957.

After October 1, 2011, the Cleary Act 2011 Combined Annual Security Report & Fire Safety Report can be accessed online at <http://www.nuhs.edu/student-services/campus-life/campus-security/>. Starting October 1, 2011, a printed copy of the Combined Annual Report is available, upon request, from the Office of Student Services and the Office of Human Resources for any prospective student or employee of the university. The Office of Student Services phone is (630) 889-6542; the Office of Human Resources phone is (630) 889-8678. Both offices are located in Janse Hall on the NUHS campus in Lombard, Illinois. NUHS does not have on-campus housing on its Florida campus.

### **Fire Safety Program Objectives**

It is the policy of NUHS to endeavor through astute observation and established industry practices to promote safe environmental conditions for faculty, staff, students, and visitors that are free from foreseeable fire hazards. The primary objective of the fire safety program for on-campus housing is to recognize hazardous conditions and take appropriate action before such conditions result in a fire emergency. This is accomplished by:

- Conducting periodic review and update of fire prevention policies,
- Conducting regularly scheduled fire drills in the residence halls,
- Promoting fire safety awareness for employees and students by conducting regularly scheduled training programs on fire prevention and emergency evacuation procedures,
- Inspecting, testing, and maintaining fire protection systems in accordance with National Fire Protection Association (NFPA) standards and Occupational Safety and Health Administration (OSHA) standards,
- Performing plan reviews and code consultation related to current capital improvement and remodeling projects,
- Mitigating fire hazards utilizing the information provided from regularly scheduled fire safety inspections performed by the Office of the State Fire Marshal (OSFM), the University's property insurance loss control consultant, and fire protection consultants.

## Definition of Terms (as set forth in the Final Regulations of the HEOA)

- **Cause of fire:** The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.
- **Fire:** Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.
- **Fire drill:** A supervised practice of a mandatory evacuation of a building for a fire.
- **Fire-related injury:** Any instance in which a person is injured because of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of a fire. The term “person” may include students, faculty, staff, visitors, firefighters, or any other individuals.
- **Fire-related death:** Any instance in which a person (1) is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or (2) dies within one year of injuries sustained as a result of a fire.
- **Fire-safety system:** Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems; fire detection devices; stand-alone smoke alarms; devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.
- **Value of property damage:** The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

## Fire Prevention Policies and Procedures

Several fire prevention policies and procedures have been developed and implemented in an effort to complement the program objectives. Applicable NFPA, OSHA, residence hall regulations (excerpted from NUHS license agreement) and the NUHS Emergency Guide were referenced during the development of these policies. A summary of these policies is highlighted below:

### *Holiday Decorations*

- All decorations and ornaments must be of fire-resistant or non-combustible material, listed by Underwriters Laboratory (UL) and approved for use.
- The use of live or cut Christmas trees is prohibited in university buildings.
- Artificial trees made of fire retardant materials or non-combustible materials labeled with UL or Factory Mutual (FM) approval ratings are allowed. No natural trees, wreathes, boughs or other decorations constructed from the branches of natural trees may be used. Metallic trees may create electrical hazards when placed in close proximity to the electrical supply; therefore, the use of electric lights on metallic trees is prohibited.
- Trees and other decorations must be located so as not to obstruct exit corridors or the operation of fire protection equipment (e.g. fire extinguishers, sprinkler heads, exit signs, fire alarm pull stations, smoke alarms or heat detectors). Trees should not be placed in any manner that could present a fall or trip hazard, impede egress, or block emergency egress from any room. Do not affix or tie decorations to such equipment.
- Electric light strings should carry a UL or FM approval label. These lights should be checked for fraying, bare wires, loose connections, and cracked plastic parts. If any of these conditions are present, the string or cord should not be used. Use of miniature electric lights are encouraged since they are both cooler and more energy efficient than regular size lighting. Unplug holiday lighting when the area is unoccupied. Electric lights or electrically operated ornaments shall not be used on metal, aluminum or any other similar metal, which could induce an electric shock. Light strings should not be placed in any manner that could present a fall or trip hazard, impede egress, block emergency egress from any room, or restrict access to fire protection equipment.
- Use of extension cords is discouraged. If they are used, they must be UL-approved and be of an

adequate wire gauge for the intended use. Frayed or broken cords should not be used.

- Electrical cords (light strings or extension cords) should not be routed through doorways with doors, under rugs or loose carpeting or across work surfaces. Routing of cords through these areas may cause damage to the cord and create a tripping hazard.
- Do not plug cords and lights into an overloaded circuit. Multi-plug adapters are prohibited in university buildings. Use power strips with a fuse or integral circuit breaker when extra outlets are needed.
- Decorative displays should be compact. Garlands, streamers or displays that extend down a corridor should not be used because of their potential to spread fire, increase the fuel load, and impede egress. These displays should be confined to office areas (laboratories should not have any displays.) Displays are prohibited in stairwells and should be limited in corridors, lobbies, and common areas in the residence halls.
- All holiday decorations should be removed before leaving campus for the holidays and at the end of each semester.
- No candles, incense burners, potpourri pots, or scented oil warmers may be used at any time in University buildings. Candles can be displayed in Menorahs and other religious articles but may not be used and should remain unlit. Battery operated candles are allowed.
- Decorations should not conceal the room number located on the exterior of the room door. This number needs to be visible and readily identifiable for first responders.
- Decorative materials including artificial snow, decorative sprays, ceiling/wall tapestries, and highly flammable materials are strictly prohibited.
- Halogen and torch lamps are not recommended for use in campus housing.

#### *Electrical Equipment and Appliances*

- Use surge protectors/power strips for all electronics, particularly computers, televisions, DVD players, gaming systems, stereo equipment, and clock radios. Lightweight extension cords and multiple outlet plugs without surge protectors create a safety hazard and are discouraged.
- Open-ended heating elements and electrical appliances that may pose a fire hazard, such as hot plates, hot pots, electric or contact grills, and space heaters are prohibited. Electrical appliances with an enclosed heating element are permitted in the halls (e.g. popcorn makers and coffeepots) when used under continual supervision.

#### *Prohibited Items*

Items that pose a danger to persons, damage to University property, a fire/safety hazard, and/or a public nuisance must not be used, possessed, or stored in residence halls (including student rooms). These include:

- Internal combustion engines, acids, automobile batteries, gasoline, torches, flammable liquids, and halogen lamps.
- Charcoal and fire starter materials. Residents are discouraged from storing grills in their apartments; but are allowed to place the unit in the designated storage area, separate from all flammable materials (charcoal, propane, etc.).

#### *Tampering of Fire Protection Equipment*

Students who are found tampering with fire protection equipment (e.g. fire extinguishers including cabinets and signage, fire alarms, smoke and heat detectors, pull stations, and sprinkler heads) resulting in violation of the Student Code of Conduct may be subject to fines and additional sanctions or charges for the cost of equipment or damage repair, depending on the circumstances, as a result of the disciplinary process. Additional anti-tampering policies include:

- All smoke detection and fire suppression systems are inspected and tested by licensed specialized service agencies, and residents are strictly prohibited from:
  - Disconnecting a detector,
  - Tampering with the detector or its operation,
  - Purposely causing an alarm to occur,
  - Hanging objects from or otherwise obstructing the sprinkler head cover plates and pipes.
- Disconnecting a smoke detector, failure to report its malfunctioning (including failure to observe that the light is on or not flashing), or other negligence subjects residents of that room not only to

disciplinary charges but also to civil charges and, in the event of fire, payment for related damages to the building and the persons and property of others.

- Blocking open fire-rated door assemblies is strictly prohibited. Fire-rated door assemblies are UL listed and are designed to self-close and latch shut to prevent the passage of fire and smoke. Examples of fire-rated doors include: student room doors, stairwell doors, separation doors between a sleeping area and commons areas, utility room doors (e.g. janitor closets, mechanical rooms, laundry rooms, pressing rooms, sprinkler closets, elevator machine rooms, storage rooms, and any corridor doors).

#### *Regularly Scheduled Fire Safety Inspections*

As a part of scheduled safety inspections, HMS personnel inspect student rooms for the presence of fire safety hazards including, but not limited to:

- Non-polarized extension cords,
- Non-UL approved equipment,
- Multiple outlets without circuit breakers,
- Improper installation of microwave/refrigerator units,
- Decorations inconsistent with fire safety guidelines,
- Clearly observable room damage,
- Unauthorized furnishings,
- Other violations inconsistent with the university fire prevention policy,
- Candles with burned wicks.

Once identified, HMS personnel assist students in removing the fire hazard in accordance with the license agreement and the NUHS Student Code of Conduct.

An inspector with the OSFM also performs inspections in the residence halls on an annual basis. This gives the University the ability to address and mitigate any life safety violations identified by the inspector.

#### *Residence Hall Smoking Policy*

- NUHS is a smoke-free campus.
- No smoke is allowed, including that created by cigarettes, cigars, pipes, candles, or incense.
- Smoking is not permitted inside any residence hall building, including student rooms, hallways, bathrooms, elevators, lounges, and other public spaces.
- No smoking is permitted within 15 feet of, or next to, any door entrances, operable windows or air intake vents.

#### **Fire Safety Education and Training Initiatives**

Residence hall staff, maintenance personnel and security officers receive fire safety training annually. Topics include a review of the fire prevention policies, weather safety, followed by a hands-on fire extinguisher demonstration, and an emergency evacuation exercise.

Fire drills are conducted in coordination with the HMS Department and the Lombard Fire Department. As outlined in the NUHS license agreement, participation in fire drills is mandatory and failure to evacuate the building during a fire alarm will result in disciplinary action. The HMS Department and the Fire Department critique the drills to identify problem areas, which are then discussed and resolved with Housing staff.

Fire safety training programs are also provided to other student, staff, and faculty groups on campus by request. This program typically consists of a brief review of fire prevention policies and procedures.

#### **Overview of Fire Safety Systems in the Residence Halls**

The University houses students in four residence halls (Lincoln Hall, Tieszen Hall, Turek Hall and Buchholz Hall.) This section provides a brief summary of the fire system within each housing facility.

##### *Lincoln, Turek, and Tieszen Halls*

Three of NUHS' residence halls, Lincoln, Turek and Tieszen, are monitored by a supervised fire alarm system. The entire building structure for all three buildings is protected by an automatic wet sprinkler system that is integrated with the fire alarm system for monitoring purposes. The fire alarm system is

continuously monitored and supervised by the ALM Enterprises; providing radio dispatch to both 911 (Lombard Police and Fire) and Campus Security. The detection devices are serviced bi-annually by Simplex-Grinnell. RAM Fire Protection services the sprinkler system and all associated components annually. There are no common cooking areas; therefore, no special halon based systems are installed in any of the buildings. Pressurized standpipes are located in two conveniently situated stairwells in each of the independent buildings. Multi-purpose ABC dry chemical fire extinguishers are installed on each floor as well as throughout the common areas and mechanical spaces in the complex. Carbon monoxide detectors are installed in all areas where Natural Gas operated equipment is operational. Other features include an area of rescue assistance and battery operated emergency lighting designed to illuminate the means of egress in the event of an emergency. The elevator cars are designed to travel to the first floor under an alarm condition to prevent entrapment and all multi floor duct penetrations for HVAC delivery to the common areas (halls, lobby, etc.) are protected by heat activated fire dampers to prevent the travel of fire to other areas in the building.

#### *Buchholz Hall*

Buchholz Hall is an exterior egress building (no interior corridors or common space), which began being remodeled in the spring of 2011. When the building renovations are complete (approximately the end of October 2011); this building will have integrated detection equipment and fire suppression systems installed similar to the other three buildings on campus and standard to the current NFPA or other life safety code requirements that are required.

#### *Inspection, Testing, and Maintenance of Fire Protection Equipment*

The HMS Department administers this element of the residence hall fire safety program. All fire protection equipment in the residence halls is tested, inspected, and maintained in accordance with applicable NFPA standards.

### **Emergency Evacuation Procedures**

If a fire occurs in a residence hall, the fire alarm response procedure is initiated by housing or security personnel with support from first responders (e.g. Lombard Fire Department). HMS personnel may also provide support in the investigation, restoration, and cleanup efforts. Fire alarm systems notify building occupants of a potential fire, thus initiating a building evacuation sequence. As conveyed during fire drills, building occupants are directed to the nearest building exit upon activation of the fire alarm system. Use of the elevators is strictly prohibited and is controlled by the fire department to assist in fire fighting and rescue efforts. Building occupants cannot re-enter the building until either Campus Security or the fire department indicates that it is safe to do so. After every fire alarm activation or reported fire condition, the housing or security personnel on duty is responsible for submitting an NUHS Accident/Incident Report to the Director of the HMS Department.

Emergency evacuation procedures for students and employees inhabiting other campus buildings can be found within those buildings. The emergency procedures are posted in classrooms, offices, and other places of public assembly across campus.

### **List of Titles To Whom A Report Of Fire Should Be Made**

Per federal law, NUHS is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the **non-emergency** numbers to call to report fires that have already been extinguished in on-campus student housing. These are fires for which you are unsure whether the NUHS Housing Office may already be aware. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following:

NUHS Security Office: (630) 927-9957

NUHS Housing Office: (630) 889-6661

NUHS Director of Facilities: (630) 889-6638

## Fire Safety Statistics

The data presented in the following table summarizes the reported fires that occurred in on campus housing facilities for the 2010 calendar year. Fire statistics from off campus housing are not included in this report. This data is cite in this document as Appendix B (page 19) and is also available online at [www.ope.gov](http://www.ope.gov).

### *Summary of 2010 Fire Safety Statistics*

Residence Hall	Number of Fires	Causes	Injuries	Fatalities	Value Prop. Damage
Lincoln Hall	3	Improper cooking	0	0	0
Turek Hall	1	Improper cooking	0	0	0
Tieszen Hall	6	Improper cooking	0	0	0
Buchholz Hall	0	0	0	0	0

## Planned Improvements To The Fire Safety Program

The university has embarked on a project to install intelligible emergency alert systems in each residence hall as part of the campus mass notification system in 2009, those efforts are, as yet, unfinished.

**Appendix A: NUHS Crime Statistics (2011)**

<b>NUHS CRIME STATISTICS – IL (Main Campus)</b>			
<b>Jan 1, 2008-Dec 31, 2010</b>	<b>2008</b>	<b>2009</b>	<b>2010</b>
